

LET LIVING **WATER** FLOW JOHN 4:14

AMANDA AND JON GOOD

EVANGELISM AND DISCIPLESHIP

The smell of fresh bread filled the kitchen as we shared a meal with our new Hungarian friends. We were delighted to be there, but it was difficult to eat because we were all laughing so much. This is what happens when speaking “Hung-lish,” a combination of Hungarian and English. While we are still learning Hungarian, we are thankful that most Hungarians want to learn and speak English.

The Hajnal family is one of the families at Talent Elementary School. This night, we shared about a new family English ministry at the school. Upon hearing the news, our friends erupted with excitement.

Why start a family English club at an elementary school to share the gospel? While playing games, practicing English, and sharing meals together, the living hope of Jesus abundantly flows. Eighty percent of the families in this public school do not attend church, yet they are thirsty for living water. Please pray for the Talent School families, that each will find a living, growing, transforming relationship with Christ.
