Executive Director's Projects

GOAL

International Ministries is seeking to raise \$500,000 to help grow services and new global servants.

SUMMARY

International Ministries is connecting with many committed Christians who are discerning God's call to pursue full-time mission service. The Executive Director's Projects allow IM to launch new initiatives and global servants.

DESCRIPTION

The Rev. Sharon Koh, installed as International Ministries executive director in 2016, invites your participation in a compelling vision for the future of IM. By your giving to the executive director's projects, you prepare IM for the next century of service in response to God's call.

Currently, IM is engaged with nearly two hundred interested missionary candidates who are in various stages of discernment and inquiry for joining IM as global servants.
