HAITI

Jesus said, "For judgement I came into this world that those who do not see may see, and those who see may become blind" John 9:39.

Dear Loved Ones,

Greeting. Many people have been asking us about the eye clinic. They wonder if we are doing fine and helping those in need of good vision. The eye clinic is doing what God has called it to do. Here is an idea of its impact.

From January 2018 to July 2018, the eye clinic has consulted 3449 patients. It has operated on 284 persons. It has realized 421 different tests and its laboratory 1053 tests.

We do not compete for patients in spite of proliferation of clinics in the city and around the country. We praise God that many patients still trust our clinic, that old gospel song.

Thank you for standing by our sides.

In Haiti,

Dear Friends,

The new eye clinics Nzunga references are only for those who can pay. We still minister to those on the bottom of the economic scale. Despite these new clinics, we will not run out of those needing our help.

Blessings,
