Haiti - Scholarships for Nursing Students

SUPPORT RAISED

HAITI

GOAL

Seeking to raise \$18,900 to provide scholarships for a nursing school program in Haiti

SUMMARY

This is a scholarship project to offer young women an opportunity to attend nursing school or college. \$18,900 will provide three scholarships in a four-year nursing school program in Haiti.

DESCRIPTION

IM global servants in Haiti Kihomi Ngwemi and Nzunga Mabudiga encourage and assist young women in pursuing education. They have seen many graduates use their skills to improve lives in their community and encourage others to attend school as well.

Educated nurses, besides contributing to the economy, are also extremely valuable in their communities because of their ability to give reliable medical care that improves overall health of the village.

SUGGESTED GIFTS

\$50 provides school supplies for one student
