

PRAY POSTED ON JUNE 27, 2019

Pray for David and Joyce Reed ministering to missionaries and our international partners with a focus on spiritual renewal, spiritual formation and vocational calling.

BOB SANTILLI

Joyce and David serve as regional consultants alongside partner Baptist conventions in Iberoamerica and the Caribbean. Their goal is to draw people into a deeper experience with God through spiritual disciplines such as stillness, listening, prayer, creative worship and spiritual companionship.

They write – Soul Care, Self-Care, Community Care – Last week we gave a presentation to the Board of International Ministries about the member care initiatives we've been strategizing for IM. We've been focusing on the spiritual care aspects of excellence in three areas of member care: My relationship with God: Soul Care; My relationship with Self: Self-care; and My relationship with Community: Mutual care. For each of these areas we have designed a Biblical foundation, a best practice, a commitment statement for IM as a mission

agency, and a commitment statement for the individual staff and global servants. The IM Board enthusiastically responded to our presentation! We ask for prayers of clarity and confidence as we continue this ministry initiative.

Evangelical Round Table – As we branch out into the spiritual care components of member care, we are seeking ways to dialogue with other mission agencies to learn what they're doing. In early May, we flew to Chicago to join representatives from 12 other Evangelical mission agencies to discuss the spiritual care of global servants. Global servants (aka: missionaries) are a unique set of people. Cross-cultural environments lend to specific sets of stressors and transitions. Issues of loss, grief, isolation, culture shock, language acquisition, extreme geographical living conditions, establishing new friendship circles, etc. can overwhelm a person's usual coping mechanisms. Doubts, fear, and anxiety can rise to the surface very quickly. This impacts a person's spiritual life in dramatic and critical ways. This group discussed how our mission agencies ministered to global servants. Where were we getting it right? Where were we missing the mark? A surprise for us was that except for one person, everyone—like ourselves—was also a trained spiritual director. Because of this common ground, we also talked about how do we teach spiritual formation from an evangelical viewpoint? What are our Biblical touch stones? This was important to all of us in order to maintain integrity with our evangelical roots.

Spiritual Leadership Retreat – David led a retreat for the staff and Board of Directors of Deborah's House in Tecate, Mexico a week ago. Missionary colleague Deliris Carrion extended the invitation. It was an opportunity to deepen understanding of what spiritual leadership looks like, what did Jesus and other Biblical leaders' model for us, and then how to apply spiritual leadership to the ministry context of a shelter for abused women and children. This is another extension of our work as we provide resources not only for other global servants, but also for the Baptist partners with whom they minister.
