White Cross – Bolivia – Medical and Dental Supplies for the House of Hope

SUPPORT RAISED

BOLIVIA

GOAL

This White Cross project seeks to raise \$5,000 to purchase and provide dental and medical supplies for the House of Hope mobile clinics.

SUMMARY

Your support will provide dental equipment, medications and vitamins to care for 300 children in Cochabamba, Bolivia.

DESCRIPTION

Carlitos is an eight-year-old boy who was suffering for more than a week due to a decayed tooth. He does not have the financial means, nor access to dental care.

However, through an ambulatory clinic made possible because of your giving, Dr. Mariela Chacon was able to provide on-the-spot medical intervention and medication to treat Carlitos and alleviate his pain.

In urban Cochabamba, Bolivia, many people, especially children, are unable to afford basic health care. With its mobile clinics, the House of Hope is able to provide checkups and medical and dental care throughout the city. Your gifts will purchase medical and dental supplies so that these mobile clinics can remain well-stocked.

SUGGESTED GIFTS

\$100 will provide 25 Dental Kits

\$250 will equip a clinic with 27 Medical Kits

\$500 will provide 12 equipped medical or dental mobile clinics

PRAYER REQUESTS

Pray with the staff, JD and Rhonda Reed and the medical team of the House of Hope mobile clinics as they continue fighting anemia among children up to the age of 12
