GOAL

International Ministries seeks to raise \$286,000 through White Cross for health and wellness ministries worldwide

SUMMARY

This White Cross project seeks to raise \$286,000 to provide medical supplies and equipment for all of our medical centers and Christian centers around the world. These materials will be used to heal those who are not able to care for themselves and need medical attention.

DESCRIPTION

“I pray that all may go well with you and that you may be in good health, just as it is well with your soul.” 3 John 1:2

This project will be managed by our global servants and partners in a variety of countries. It is anticipated that this project will improve the quality of care and comfort given to all who seek medical help at the hospitals and clinics that provide health services.

Jesus came to give abundant life, including physical health. Healing stories account for up to 40% of the Gospels. Jesus healed the sick and called his disciples to do the same. International Ministries helps people experience physical and mental wholeness by providing personnel to serve alongside national medical professionals like doctors, nurses, therapists and preventive health care workers.
