GOAL

International Ministries seeks to raise \$11,000 through white Cross for the Women's Ministries

SUMMARY

These White Cross projects seek to raise \$11,000 to provide supplies needed for the Women's Ministries, the Cap Haitian eye center and the student infirmary at the Christian University of Northern Haiti.

DESCRIPTION

The Women's Ministries of the Haitian Baptist Convention (HBC) equips women by teaching them how to sew and by offering educational and health prevention classes. They also help support the Cap Haitian Eye Center, an important ministry that provides the best quality service to the poor. The center treats cataracts and glaucoma, offers exams and surgery.

The Women's Ministries also helps support the student infirmary at the Christian University of Northern Haiti. Their goal is to have the necessary medical supplies on hand to treat a growing number of students.

It is anticipated that these projects will improve the overall lives of those who receive glasses in order to see; children to be able to improve their education; women providing for their families and students keep healthy while attending classes.
