## White Cross – Myanmar Medical Care and Food Projects

SUPPORT RAISED

MYANMAR

### GOAL

International Ministries seeks to raise \$10,000 through White Cross for the Myanmar Baptist Convention (MBC)

## **SUMMARY**

This White Cross project seeks to raise \$10,000 to provide medical supplies and food for the MBC's Christian Social Service and Development Department.

## **DESCRIPTION**

Myanmar (Burma) is located in a disaster prone region of the world, and the very poor are often those least able to recover from devastating events. The Myanmar Baptist Convention (MBC) provides assistance by helping those in small rural villages who need medical care and food. By providing nutritious foods, they help fight off diarrhea, dehydration and death. The MBC is committed to bringing life in all its fullness to everyone. One of the ways it lives out this mandate is by operating medical clinics and mobile hospitals throughout Myanmar, especially along the border with China. It is able to offer medical care through White Cross funding.

It is anticipated this project will improve the quality of life for hundreds of people served by the MBC by providing them with basic nutritional foods and accessible health care.

This project will be managed by the Reverend Mahn San Thein Tun and by Dr. Zaw Win, general secretary of the Myanmar Baptist Convention, a longtime IM partner.

## **SUGGESTED GIFTS**

\$100 provides blankets, mosquito netting and tarps to protect families from monsoon rains

\$250 buys food like rice, vegetables, oil, salt, beans and sardines

\$500 equips medical clinics with medications, vitamins and medical kits

## **PRAYER REQUESTS**

Please pray for the leaders of the Myanmar Baptist Convention as they seek to care for the poor

Please pray for Myanmar as the country tries to recover from the various disasters that it has faced
